

## DJPL's Suswasthya Division inaugurated

Suswasthya, a systemic care division of Deurali-Janta Pharmaceuticals Pvt Ltd (DJPL), was formally inaugurated on Friday, amidst a function.

Inaugurating the systematic care division, Dr Laxman Poudel, former chairman of Nepal Medical Association (NMA) said that

DJPL's effort to introduce international technology and make Nepal self-sufficient in medicines for sensitive disease like heart and neurological problems should be encouraged.

Senior neurologist and former minister Dr Upendra Devkota said that everyone should salute

the quality products of domestic companies like DJPL and that doctors should be not encourage foreign medicines when quality domestically produced medicines available. Lauding the effort made by DJPL to cure sensitive and chronic diseases, Dr, Sudha Pant, chairman of NMA, said, "Whole medical community should stand in favor of domestic products." Speaking on the occasion, Hari Bhakta Sharma, executive

## AFFAIRS

director of DJPL, had shed light on the objectives, rationality and plans of Suswasthya division. "DJPL is always dedicated for the cause of making nation self-sufficient in quality medicines," said he. (PR)
