

## **NORMOGEL MPS**

### **PRESENTATION**

Each 5ml contains:

Magaldrate BP 400 mg

Simethicone USP 20 mg

***Available in 170 ml Bottle Pack***

Each chewable tablet contains:

Magaldrate BP 400 mg

Simethicone USP 20 mg

***Available as: 27 Tablets x 10 Blisters***

**DRUG CATEGORY:** Antacid with antiflatulent

**Magaldrate:**Magaldrate is a hydroxyl magnesium aluminate complex that is rapidly converted in gastric acid to Mg and Aluminum hydroxide, which are poorly absorbed and thus provide a sustained antacid effect with balanced effects on intestinal motility. It neutralizes and reduces stomach acid relieving heartburn and indigestion. It is used to treat an upset stomach, ulcers and other digestive disorders.

**Simethicone:**Simethicone is an anti-gas (anti-flatulence) medication. It acts in the stomach and intestines to change the surface tension of gas bubbles, enabling smaller bubbles to join together into bigger bubbles. In this way it is believed that gas can be eliminated from the stomach or down from the colon.

### **INDICATIONS:**

Symptomatic relief of heartburn,

Indigestion and upset stomach due to excess acid,

Flatulence

GERD

### **DOSAGE:**

Two tea spoon 3-4 times daily after meal
